From Washington. SPECIAL TO THE ALEXANDRIA GAZETTE. WASHINGTON, D. C., Feb. 4

In the Senate to day the usual number of memorials, petitions, &c., were introduced in reference to the tariff, silver, resumption; the payment of the claims of the States for war expenses; for suppression of the liquor trafic; for the removal of the depot of the B. & O. Rail road from its present site; for the establishment of a department of industry; for a consolidation the Police Court of that city, on Saturday, and revision of the pension laws; for reduction of the rates of postage; to make the silver dollar 430 grains and limiting the legal tender to \$20, &c., &c.

A resolution to print 4,500 copies of the original colonial charters was passed. Mr. Withers reported a bill to amend the pension laws in raference to soldiers of the war

A resolution for the appointment of eighteen additional commissioners to the Paris Exposi tion was objected to and went over. A bill to establish the National Pacific Telegraph Company was referred.

The resolutions of the Connecticut Legisla ture opposing a repeal of the resumption act, &c., were laid on the table.

At the expiration of the morning hour the silver bill was taken up and, Mr. Beek introduced an amendment requiring \$3,000,000 of silver a month to be coined: the coinage of the silver dollar to be on an equality with that of gold; preventing foreigners from the bonefits of the coinage, and making halves, quarters and dimes have a proportionate

value with the dollar. Mr. B. addressed the Senate in favor of his amendment.

Mr. Morrill replied to Mr. Beck. Mr. Bayard then took the floor and address ed the Senate at length upon the bill, opposing the remonetization in an able and forciable speech.

HOUSE OF REPRESENTATIVES. In the House the States were called for bills. resolutions, &c., under which

NOTES.

There is good authority for saying that an arrangement has been made between the President and his advisers and Gov. Nichols, of Louisiana, by which, if Anderson, & Co., of the Returning Board, are convicted, that an appeal shall be taken to the Supreme Court, pending which Gov. Nichols will intervene the pardon-

ing power and thus relieve the culprits. Gov. Walker has returned to his seat in the House after a protracted absence in California.

REOPENING A THOROUGHFARE, -In order to guard against results utterly subversive of health, it is absolutely essential that the grand thoroughfare or avenue of the system, the bowels, should be reopened as speedily as possible when they become obstructed. If they are not, the bile is misdirected into the blood; the liver becomes torpid; viscid bilious matter gets into the stomach and produces indigestion; headaches ensues, and other symptoms are produced, which a prolongation of the exciting cause only tends to aggravate. The aperient properties o Hostetter's Stomach Bitters constitute a most useful agent in overcoming constriction of the bowels, and promoting a regular habit of body. It is infinitely superior to the drastic cathartics frequently used for the purpose, since it does not, like them, act violently, but produces a natural, painless effect, which does not impair the tone of the evacuatory organs, which it in vigorates instead of weakening. The stomach and liver, also, indeed the entire system, is strengthened and regulated by it. [feb 4-co3t
